

Value Chain Template - Products

Add scope e.g. chosen product, service or area name here:

Disposal & recycling

How do consumers dispose of your product once they are finished using it? *(List here)*

Material extraction

What raw materials are used in your product?
How, where and by whom are they extracted? *(List here)*

Material processing

How, where and by whom is your product processed? *(List here)*

Logistics

How do you move your product around the different stages of the value chain? *(List here)*

Manufacturing

How, where and by whom is your product designed and manufactured? *(List here)*

Use

How do consumers use your product? *(List here)*

Use this template to list what you know about your chosen product, service or area at each stage of the value chain. Ensure you stay within the scope of your assessment.

Retail

How and where do you sell your product? *(List here)*
